“ My Mother, Was a single parent who took care of four children she made sure we kept active in the community signing us up for camp, YMCA, after school programs, and most of all Church My Mom also took care of my wants and needs as a child even helped me with my first car at sixteen even through my ups and downs my mom played a part in it , She gave us a love that was second to none ,I've never in my life with my mom ever heard a curse word come out of her mouth or spanked or hit us, My Mother watched me take my first breath and I watched her take her last breath, Mommy as I sit here thinking about how you prayed and that you always keep us in prayer is so meaningful about how you lived I'll truly miss your Presence but know your spirit will be with us until we meet again...No eye has seen, no ear has heard, and no mind has imagined what God has prepared for those who love the spirit of God..love you Mommy Forever in my heart
