“ *I met Dr Strange while working at Garinger High school. I loved hearing her called each student's name at graduation, she made each student name felt unique and special as she sound them off. I always looked at her as an intelligent and a unique black woman. Each time she saw me walking with my Special needs students she made it a point to speak, smell and talk to them. Dr Strange I will miss you!*

“ *It was my joy to serve a portion of my professorship in theological education with Dr Adiaha Strite. Her professionalism, team spirit, care for our students, and excellence in the field strengthened the institution. Thank You for wonderful, lasting memories of excellence in education. My prayers continue for the family. May my colleague and sister forever Rest In Peace, Rest in Power, Rest in Honor. Rev Cassandra Aline Jones, PhD*

“ I am in shock that I am even writing on this page. Dr. Strange you will be missed dearly, your infectious smile, personality, and sense of humor just captivated a room. Your intelligence inspired so many, and you became our "SHERO". I thank you for being a friend/colleague since 2007, the time was not nearly long enough, but I will cherish it and remember the good times. I will definitely remember how you got "CRUNK" at 7:15 for the students of Garinger and you stayed that way until the end of the day. The way you encouraged, motivated, and pushed students who didn't think they could learn we all could be so blessed to have seen it done by an expert. Thank you for listening and giving me the greatest wisdom both personally and professionally and opening up doors that I never expected. You are truly an angel and know I love you and will never forget you.
