“ Remembering when we were in the garage one evening, and we laughed about old times and the stupid things we have did in the past. Donna girl we laughed so hard and so long I literally thought I was going to have a seizure. I miss you so much. Peace to you my dear friend... AndI will see you at the cross roads.

Your 53rd birthday will arrive within the next 12 days. The anniversary of your death has come and passed, and so has another year. My thoughts are still of years gone by and the times we shared from elementary school through adulthood. Wonderful moments of friendship that I have cherished for so long and will continue, although you may not be here to laugh and joke with me. I take comfort in knowing you are safe and happy for God truly know his people eventhough we may have troubles on this earth. This life is tough and you made it out ok. We will talk again my sister. Happy early Birthday... love "DONNA CAUDLE"
