“ Grayson was a great friend. I have never heard him say or treat anyone disrespectful. Grayson was smooth and didn't talk much. He let a ball do his talking on the basketball court and on the field. We celebrate you and your flight. My prayers are with those left behind that they would understand that to be absent from the body is to be present with the Lord. Even though we have not seen each other in years, your testimony pro and precedes you. If have have a basketball court, all the games would end in a tie, and everyone would still be happy. This race is not given to the swift nor the strong but to he that endures to the end. See you soon Brother!
