“ I will never forget you Jackie. Being your neighbor growing up you were like my big Sister. You were my baby sitter. You use to do my hair , long talks about boys, school, clothes and going to college. We talked about everything. I used to love the dress up nights. That's was the best. I will always cherish your smile. There was a glow you brought in my day w that smile. There is so much more I can say about the joy you and your family brought me, but I'll just cherish and appreciate the memories as long as I live! I know your Soul is resting w Our Lord and Savior. You had a heart of Gold. May God watch over your Family and give them the Peace and Strength they need in this time of Sorrow during the Lost of a very dear love
