“ *I meet Kevin when he came to our school as our new speech teacher. He was such a kind person to our students and our staff. My son was one of his speech students, and he was in awe of his size and how he was so nice and cool. He made an impact during his short stay at our school We hated it when he said he would be leaving to take a job in Charlotte, but we all understood. He is the type of person we need more of.*

“ To the Pringle Family Please accept my condolences on the passing of your son and brother Kevin. We worked together at Granville Medical Center. He was a great coworker and a good friend. He was a blessing to all who knew him. I am really going to miss him.

“ I will probably never get over the shock I had this week. Children and students are not supposed to die before you. Kevin will always be remembered by me as a good student, an excellent clinician, and friend to all his fellow graduate students. He was elected president of the North Carolina Central University chapter of the National Student Speech, Language, Hearing Association. He had marvelous ideas for fund raising (for example, a golf tournament) and he organized the ideas in a strict military fashion. After graduation, he kept in touch with classmates and faculty and shared his moments. His professional career would have been wonderful. May G-d who watched your coming in to this world, now watch your departure and preside over your eternity with love. You will not be forgotten.

“ My prayers are with the Pringle Family in this most difficult time. I had the pleasure of meeting Kevin, first when Kaylyn was in my afterschool group at Holly Springs Elementary School and again to my surprise when I was a graduate student in the Communication Disorders program @ NCCU. Kevin was most definitely a kind and warm person. I will truly miss his sense of humor and sweet personality. God Bless him.

“ To the famliy of Kevin Pringle, I would like to start by saying that I feel very privileged to have been afforded the opportunity to work with and get to know such a wonderful individual with a heart of gold. I recently relocated to the Charlotte area and working with Kevin allowed for a much smoother transition. I am so blessed to have gained a new found friend in this gentle spirit. I can only imagine the wealth of emotions that you his family are going through at this time. I pray that GOD will comfort all of you and grant you peace and strength. I would also like to say thanks to the parents of Kevin for sharing him with us and raising him to be a young man who extended the love of GOD to all who came to know him. He will forever be missed and never be forgotten. With love to you all,

“ My sincerest condolences go out to all of Kevin's family. It didn't take long once you met Kevin to know that he was one of a kind. He had such a big heart and an infectious smile. I met Kevin in February 2009 and we had the opportunity to become closer this year. I am thankful that God brought him into my life and that I had the time that I had with him.

He spoke very highly of his family and made you feel like you knew each one of them even though I never had the privelege of meeting you all. I am truly sorry for your loss and I hope that you find comfort in knowing that Kevin is with his Creator smiling down on all of us. He will be truly missed.
