“ My heartbreaks for any families loss. I had this young man in my cooking workshop when he was 12/13 yrs old. I always love seeing their faces during the years, even when they were not in my class. They always peep their heads in saying hello and looking for food 😭....Mitchell was no different.

I always tell them how they have grown like weeds & always genuinely interested in how they are doing in school & their extracurricular activities they shared with me. Mitchell was very polite and mannerably inside and out of my class.

Sending my deepest condolences to all his family and friends. My thoughts, love, prayers and light sent to God's ear.
