“ *To every thing there is a season, and a time for every purpose under the heaven. A time to be born and a time to die; a time to plant, a time to pluck up that which is planted. Montele, you were one in a million. Our last conversation was such a beautiful one, you made me listen and I didn't even realize that it was going to be our last one. To his family I will continue to pray for your strength in the Love.*

“Dusty was always an encouragement to me. Even in his sickness, we'd always found a time to cut monkey. You given me valuable information and insight on so much. I will always remember when you would call on me to be your organist when you preached and "Boy....you did that." That's how we greeted each other when we talked...."BOY".
REST WELL MY FRIEND.
