“ I'm so upset you're really gone. So many songs played today and I just knew you were present. I love you until the end of time Nafeesa. The hardest part is doing this without you girl I'm tryna stay strong. I pray you found piece, can't wait to speak again

“ I miss you so much. You were one of my first genuine best friends and one of the first kind souls I ever met. We bonded so quickly and you put me on to so much. My creative and talented and loving friend, my spirit hurts so much. I will hold you near and dear to my heart until we meet again. Your kindness and love has made an everlasting impact on me and for that, I am forever and truly grateful. Rest well Nadeem's, until we meet again and reminisce about all of our childhood memories and then some. See you later my dear, loving, talented and most of all kind friend. Forever in my heart. Thank you for everything.

“ Missing you 🤍🤍 love you always

“ *Missing you and wishing I could put you onto all the shows I’ve watched recently... it’s odd though I’ve been watching things to gain peace in understanding your departure.. but because we spoke a lot about spirituality, the afterlife, we’ve meditated, and just had so many talks I imagine our conversations being about how much I’ve learned or believe, the reality check sucks. I wish you were accessible, I wish I could hear you laugh and give me insight, I wish I could see you smile about how much I understand now.. or just in general to be honest. I just miss you so much, everyday I gain a few reminders that you’re present or visiting me and I just wish I could still call or hug you. Keep showing up though I absolutely love it! I Love you Fee, hope you’re at peace 🤍*

“ Fee you hurt us by leaving us too soon. I have memories that I will cherish forever. Wish I could have done more. Rest easy my dear. Never thought this day would come! No more pain, no more suffering. We used to laugh so much Steven, ah ok, I can see you dancing, playing that good music, and every time I cook/eat curry... I will think of you. Love you Nafeesa Spann

“ *My heartttt. I love you beyond life and thank you for loving me with every inch of your soul. You were my best friend, my rockkk and my safe space & it still feels unreal. I just been wanting to pick up the phone and laugh with you or hear you vent one more time or just see your face on FaceTime, but perhaps God had bigger fish for you to fry. I will forever cherish and adore the impact you left on my life. As I hope everyone else does too. I pray you find peace, I pray you felt the love displayed for you today at your service! I pray you continue to watch over and protect me. I hope you visit me often! My love for you will withstand lifetimes. ❤️ Endless condolences to the family.*
