“ I have known Thomas Elijah for probably 25 years and we’ve had so many wonderful, laughs and so much honesty and what a joy he has always been as a friend are used to joke with him that he was my brother from another mother. We had so much in common, including references to New York City, and his favorite phrase of all what shaken bacon.

“ Thomas never met a stranger. He genuinely cared for others and always had the biggest smile. We shared gardening philosophies and talked lots about our future plans. I will always think of him and feel he is always near.

“ To the Elijah family, my deepest sympathy on the loss of Brother Thomas. Thomas was always positive and fun to be around. We shared good times during our years at NCCU (We pledged Alpha Phi Alpha Fraternity, Inc., Gamma Beta Chapter together in 1978). When I moved to New York in the eighties, Thom showed me the city and how to negotiate the subways and taxis. We had a lot of fun and I will always remember those good times. He touched a lot of lives and will be missed. May he rest in peace.
