“ You look back on memories you forgot you had,
And at times you'll smile even though it hurts so bad.

Your mother is a special woman and no one can take her place,
You'll find a piece of mind when you remember he smiling face.

Your mother is an angel now she flies high above the rest,
and in your hearts always and forever she will be the best.

She has earned her wings and it's time for her to fly,
I know it hurts no one is ever ready to say good-bye.

She knows you do not understand and that you cry at night,
But as you finally drift of to sleep let her memory hold you tight.

She will be your guardian angel through the rest of your life,
Helping lead you on the path between what' wrong and right.

your mother loves you so very much and her love will always remain
true,
Please don't ever think for a second that your mother will forget you.

A mothers love is like no other in the whole world,
d she has the most wonderful memories of a little boy and girl.

She has taken them with her as she's flown away,
Up to Heaven free of pain which is her new home to stay.

So although you can not see her and you wish she could be there,
Your mother can always hear you and your mother will always care.

A mother does not forget the two greatest loves of her life,
And she loved nothing more than being your mommy, and your
daddy's wife.

She is so proud of her family and that's in her heart to stay,

Even though she's an angel and has had to fly away.

*So as you cry your tears remember your mother's love,
Being sent to you from her, from the beautiful Heaven above.*

*She will be there through your good times, she will be there through
your bad,
She'll be there when you are happy, she'll be there when you're sad.*

*Your mother has become an angel now, it is her time to fly,
And you will never know how bad it hurt me to watch you have to
say good-bye.*

“ Great memories....No more to be made...From the first day we meet and introduced as 1st cousins..that was a big deal for us! LOL We've shared things with each other that we only know.....we've laughed and cried together....we've fussed and cussed together...we stood up for one another when others did not.....We embraced each with truth and love...as we raised our children we taught each other about love,living life and the importance of God,faith and family.

I will always remember your smile even through the pain you managed to smile...Oh shucks nah!

“ You're are my sister, my first friend. I will always carry your memories in my heart. I will hold on to what you told me, I know that it's true. I'm at peace knowing you are now resting, and no longer in any pain. You ask me not to cry, I'm sorry, but that's hard. I never thought I was ever going to have to live a life without you, you've always been there for me, from help with taking care of me when we was young to being the one who took every ride with me when I went into labor having my babies, I hate cancer it has taken someone that loved life and lived it to the fullest, you was a gift to every person that have had the pleasure of meeting you. I miss you truly and always will, sending you hugs and kisses until I see you again. Your baby sister loving you with what's left of my heart, you took a piece of it with you and I know you left me with part of yours. I just wish I could sit with you and talk, but this will have to do.
Love YoU. LOve You LOve you.... Your sister Kane.
